

PURE CYCLE CORPORATION
CORPORATE GOVERNANCE GUIDELINES

Approved January 17, 2018

* * * * *

1. Purpose of Guidelines

- 1.1 The board of directors (the “Board”) of Pure Cycle Corporation (the “Company”) has developed corporate governance practices to help it fulfill its responsibilities to shareholders to oversee the work of management and the Company’s business results.
- 1.2 The Company has memorialized these corporate governance practices in these Corporate Governance Guidelines (the “Guidelines”) to assure that the Board has the necessary procedures in place to review and evaluate the Company’s business operations as needed and to make decisions that are independent of the Company’s management.
- 1.3 The Guidelines are also intended to inform management of the Board’s expectations for management and to guide management in fulfilling its responsibilities.
- 1.4 The Board may amend, waive, suspend or repeal the Guidelines at any time as it may find necessary or advisable for the Company in order to achieve these objectives.

2. Board of Directors and Executive Sessions

- 2.1 **Board Size.** The bylaws of the Company provide that the Board will consist of not less than three (3) and not more than fifteen (15) directors, with the exact number to be determined from time to time by resolution of the Board. The Board periodically evaluates whether a larger or smaller slate of directors is preferable.
- 2.2 **Board Meetings.**
 - 2.2.1 **Agendas.** The Chairman of the Board and the President of the Company, taking into account suggestions from other members of the Board, will set the agenda for each Board meeting, and will distribute this agenda in advance to each director.
 - 2.2.2 **Advance Distribution of Materials.** All information relevant to the Board’s understanding of matters to be discussed at an upcoming Board meeting should be distributed in writing or electronically to all members in advance, whenever feasible and appropriate. This will help facilitate the efficient use of meeting

time. In preparing this information, management should ensure that the materials distributed are as concise as possible, yet give directors sufficient information to make informed decisions.

2.2.3 **Regular Meetings.** The Board shall hold at least two (2) regular meetings per year. One such meeting shall be held in January in conjunction with the annual meeting of shareholders. All other meetings shall be held at such times as the Board may determine. In addition, these meetings shall be scheduled as far in advance as possible to enable directors to plan to attend in person. All directors are expected to attend the regular meetings in person.

2.2.4 **Director Attendance at Shareholder Meetings.** All directors are expected to attend the annual meeting of shareholders in person.

2.3 **Executive Sessions of Independent Directors and Non-Management Directors.** The non-management directors of the Company will meet regularly in executive session, i.e., with no management directors or management present, at least twice a year in conjunction with the regular Board meetings. If the non-management directors include a director who is not independent, the independent directors will meet at least once without the presence of such non-independent director. These executive session discussions may include such topics as the non-management and independent directors determine.

3. Committees

3.1 **Number and Type of Committees.** The Board has three (3) standing committees - an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The Board may add new committees or remove existing committees as it deems advisable in the fulfillment of its primary responsibilities. Each committee will perform its duties as assigned by the Board in compliance with Company bylaws and that committee's charter. Committee duties may be described briefly as follows:

3.1.1 Audit Committee. The Audit Committee reviews the work of the Company's internal accounting and audit processes. The committee is directly responsible for the appointment, compensation, retention and oversight of the Company's independent auditors, including pre-approval of all audit and non-audit services to be performed by such auditors. The committee is also responsible for review and approval of related party transactions and oversight of compliance and risk management policies and procedures.

3.1.2 Compensation Committee. The Compensation Committee stays informed as to market levels of compensation and, based on

employee performance, recommends compensation levels and types of compensation for the Company's officers to the Board. The Compensation Committee also administers the Company's incentive compensation plans and makes recommendations to the Board regarding the adoption or amendment of such plans.

3.1.3 Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for recommending to the Board individuals to be nominated as directors and as committee members. The committee evaluates new candidates and current directors, and performs other duties as described elsewhere in these Guidelines.

3.2 **Composition of Committees; Committee Chairpersons.** The Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee consist solely of independent directors. The Board is responsible for the appointment of committee members and committee chairpersons, taking into account the recommendation of the Nominating and Corporate Governance Committee, according to criteria that it determines to be in the best interest of the Company and its shareholders.

3.3 **Committee Meetings and Agenda.** The chairperson of each committee is responsible for developing, together with relevant Company managers, the committee's general agenda and objectives and for setting the specific agenda for committee meetings. The chairperson and committee members will determine the frequency and length of committee meetings consistent with the committee's charter.

3.4 **Committee Access to Advisors and Experts.** Each committee will have the authority to engage and obtain advice from internal or external legal, accounting or other advisors and experts, as it deems necessary or appropriate.

4. Director Qualification Standards

4.1 **Selection Process.** All Board members are elected annually by the Company's shareholders, except as noted below with respect to vacancies. Each year at the Company's annual meeting, the Board recommends a slate of directors for election by the shareholders. The Board's recommendations are based on the Board's determination (using advice and information supplied by the Nominating and Corporate Governance Committee) as to the suitability of each individual, and the slate as a whole, to serve as directors of the Company, taking into account the membership criteria discussed below. The Board may fill vacancies in existing or new director positions. Such directors elected by the Board

serve only until the next election of directors unless elected by the shareholders to a further term at that time.

- 4.2 **Qualification Standards.** Board and committee members are selected based on qualification standards determined by the Nominating and Corporate Governance Committee as described in the Nominating and Corporate Governance Committee Charter.
